Lightning Starts Blaze

Fire Destroys Market, Agent's Office Here

City volunteer firemen fought a blazing fire about 4 a.m. Tuesday at the Folschinsky Grocery, 600 block W. Batte, but the building and next-door offices of the Negro county agent burned to the ground.

Lightning struck the building during the Tuesday morning storm, fire department officials said, setting off the blaze that kept city firemen at the scene for more than two hours.

The two buildings were owned by Mary Lake Culpepper. No estimate of losses was available at press time.

The sheet metal and wood building burst into flames early Tuesday morning after lightning struck, officials surmised.

Fire Truck Driver Frank Richter, Sr., said he could see the flames shooting toward the sky before he reached the scene with the city pumper.

Volunteer firemen driving from across town reported the blaze was visible in the extreme northeast end of the city.

Witnesses said that heat from the blaze and popping electrical lines kept firemen at a distance for some time after the fire started.

Firemen saved a third building adjacent to the Negro county agent's office, officials said.

The Folschinsky grocery and other buildings are located in Santa Fe Town.

Last Rites Read

For J. H. Angell,

Heart Attack Victim

Last rites were held 2:30 p.m. Wednesday for J. H. (Jimmie) Angell, Jr., 32, who died of a heart attack at his Cameron home early Tuesday morning.

Services were conducted by the Rev. Aubrey Russell, pastor of the First Baptist Church, at the First Baptist Church. Interment was in Oak Hill Cemetery.

The young businessman operated a service station in Cameron. He was born and raised in Cameron where he lived most of his life except when employed for a short time by the state.

He was a member of the Knights of Pythias and the Cameron Kiwanis Club.

The body remained until 1:30 p.m. Wednesday at Marek-Burns Funeral Home.

Surviving are his wife, Mrs. Norma Louise Angell, Cameron; two sons, William and Stephen, both of the home; parents, Mr. and Mrs. J. H. Angell, Sr., Cameron; a daughter, Linda Kay, of the home; and two sisters, Mrs. Edna Merle Miller, Texas City, and Mrs. Betty Dorner, Cameron.

Marek-Burns was in charge of arrangements.

Harwell Brothers Injured In Auto

Tommy and Ernest Harwell, sons of Mr. and Mrs. Sam Harwell, were injured in an automobile accident near Hillsboro Friday evening. The boys were on their way to Dallas to spend the weekend with their brother and family.

Both boys were taken to Hillsboro Hospital where Ernest was treated for a broken jaw and chin. They were returned to their home Sunday.

Fair To Give Free Tickets To Milam Kids

Milam County school children will be given complimentary gate tickets to the Heart O' Texas Fair in Waco opening day, Saturday, September 28.

A total of 64,000 complimentary tickets will be distributed through the schools of 13 Central Texas Counties. The day has been named in honor of the FFA, 4-H Club and FHA and judging of junior show steers, pigs and lambs will take place.

The opening event of the fifth annual fair will be the Western parade in downtown Waco at 10 a.m. Among the attractions free to all on the grounds each day will be "Atoms for Peace", elaborate exhibit arranged by the U. S. Atomic Energy Commission; 118-foot dive by Sol Solomon on the Midway; entertainment on the outdoor stage, livestock, Women's Department displays, Armed Forces exhibit, antique automobiles and zoo.

Cardinals Defeat Bryan By 8-2 Score Sunday

The Cameron Cardinals defeated the Bryan Lucals 8-2 Sunday at Lucal Park, Bryan.

They will play the Lucals a return engagement 2:30 p.m. Sunday at Colonial Field here.

Winning pitcher Sunday was Jerry Marshall. Catcher was Marvin DeLaRosa.

Brenham Train Scheduled

Jaycees Plan Santa Project

Cameron Jaycees today announced a double-barreled program for the local club as plans were made for the second annual Santa-Pals project and tickets were scheduled to go on sale for the Jaycee Brenham football train.

Santa-Pals Chairman Henry Schattell told The Herald that barrels for damaged toys would be placed strategically around downtown Cameron where contributors may place toys for repair and Christmas giving.

Jaycees and members of other local service clubs will repair the toys and distribute them Christmas week among needy children in the North Milam County area, Schattell said.

Tickets cost \$2.00. Meanwhile definite plans were announced by Milton Brown, chairman of the Jaycee Brenham train project, for the sale of tickets to the game.

He said that train tickets, in-

Making the presentation is Carl Black, chief of the Cameron department and sheriff of Milam County. Richter extended his thanks to a group of about 200 onlookers who attended the annual ladies night barbecue August 21 put on by the Cameron firemen.

1,388 Enroll Tuesday In Public Schools

Cameron public school enrollment figures after the first day of classes reached a total of 1,388 students in the four city schools.

A pre-school census taken last spring indicated that 1,325 would

enroll in Cameron public schools. But Supt. Wiley Loughmiller said today that actual enrollment figures by experience will increase about 100 over the expected number through the first of the year.

Enrollment in Yoe High School thus far is 500 students while at Ada Henderson where four grades attend classes, 405 are enrolled. Ben Milam students total 232 through Wednesday morning.

A total of 997 white students enrolled by Tuesday.

At O. J. Thomas School, a total of 391 Negro students enrolled, according to figures furnished by Principal John Williams.

In St. Anthony's school, officials said last week that 159 students had pre-enrolled.

Enrollment at Yoe High School began last Thursday while O. J. Thomas students enrolled Monday, Labor Day.

White school attendance reached a total of 1,067 students at the end of the 1956 year, Loughmiller told The Herald.

Meanwhile students in 10 common school districts totaled about the anticipated 1,150 estimated by county census figures.

Classes began generally Tuesday throughout dependent and independent schools in Milam County and grid teams continued early season paces for the 1957 campaign.

which to place the toys will be available near New Cameron Drug, the Postoffice and near the courthouse.

Schattell said he would be available after 6 p.m. at 1170-W if anyone wanted him or his co-chairman, James Kahler, to pick up some cast-off toys.

The Brenham train will leave Cameron September 29 at 6 p.m. and arrive in Brenham at 7:20 p.m., Brown said.

The game begins at 8 p.m. The railroad station at Brenham is only five blocks from the stadium. Buses will pick up the YHS band and fans who wish to ride. The train will leave Brenham at 10:30 p.m. and reach Cameron at 11:50 p.m. Brown said.

A baggage car is being furnished for the band's instruments, Brown said.

Softdrinks, candy and sandwiches will be served on the train, he concluded.

Rain Bothers Cotton Farmers As Crop's Due

Rain this week was welcomed by livestock men and city cousins who were trying to keep their grass and shrubbery alive, but farmers with white cotton open in the field were not too eager for rain, County Agent J. D. Moore said today.

Immature bolls and damage from extreme heat are causing farmers cotton to grade lower than it should. In some cases lower grade samples cost the farmers as much as \$15.00 per bale.

As for the harvest, most of the maize harvest is complete. It is estimated that around 50 percent of the corn is harvested. Cotton harvest will not reach its peak until next week due to late planted cotton.

Earl Angell, who is working with the Employment Commission, says that there will be plenty of cotton pickers available.

Poage Commends Council, Black On Phone Stand

The Cameron City Council and City Atty. William C. Black were commended in a letter this week from Congressman W. R. Poage for their stand in refusing a rate increase to Southwestern Bell Telephone Co. in Cameron.

Black read the letter Tuesday night in the council meeting.

Poage noted that "in a good many places the city government is taking the position that they couldn't fight so big a corporation." He went on to write that though "Bell Telephone Co. has taken the position that it could reduce its costs by mechanization, but that as it would, so it would increase its charges to the public."

He said in an earlier part that he wished to congratulate the city council for trying to protect the rights of the people of Cameron with the largest of world's corporations.

Black also read a reply from the Federal Communication Commission noting that the telephone company can base rate requests on current or replacement costs of equipment though depreciation is ordinarily set on original equipment cost.

The FCC letter also said that toll break downs in operating figures can be separated when local toll equipment and costs are taken out of the total cost picture.

August Fines Total \$353.50 In Cameron

Chief Byers Says Ordinance violators paid \$353.50 in traffic and other fines during August, Chief Maynard Byers announced today.

Speeding brought fines totaling \$86 to four offenders while four others made payments on fines totaling \$59.

Violations and fines during August were: no drivers license, one for \$21.50; speeding, four for \$36; running red light, three for \$15; running stop light, five for \$25; fine payments, \$50; illegal parking, two for \$4; stopped in middle of street, one for \$1; disturbance, \$53; improper starting, five for \$45; drunk in public view, two for \$43; and miscellaneous, \$10.

August fines compared with \$467 in July fines showed a substantial decrease, Chief Byers said. June violations cost offenders \$724.55 with \$193.30 in fines for speeding.

Henry's Birthday Cites Operation

September 14 will be a magic birthday for little Henry Pelzel who will be 2.

The infant son of Mr. and Mrs. Adolph Pelzel, Rt. 1, Barlington, will also celebrate the first anniversary of a rare heart operation

that made possible his hopes for another birthday.

Little Henry underwent the 42nd U. S. operation on record for a heart defect that was slowly ebbing the child's life away.

Opening In Heart Called an interceptual heart defect, the frailty meant that little Henry had an opening between the two chambers in the lower part of the heart.

Mrs. Pelzel said the operation, lasted about three or four hours. A heart specialist performed the rare operation in a Houston hospital.

The boy's parents had taken him to doctors in Temple and Cameron and had almost given up hope of saving the one-year-old's life when a letter to the specialist was answered and the operation scheduled.

The specialist placed a plastic sponge in the heart opening. During the operation, Mrs. Pelzel said, a heart-lung machine was used to function as the heart when the crucial point of the operation was reached.

Mr. and Mrs. Pelzel saw almost a miracle happen after the operation. Little Henry, formerly weighing only 15 pounds, jumped to a 20-pound weight soon after the operation. He now weighs 26 pounds.

Another Child Died It was a test on the family's endurance last year since they had lost another child due to a heart frailty about five years ago. Two other children, Judy Elaine, 8, and Pamela Jane, 7, are fine and strong.

Mrs. Pelzel said Henry was probably at a turning point when the operation was performed. He had lived most of his first 6 months in hospitals.

But whatever the past, the future looks bright for little Henry Pelzel and his family. He will be celebrating his healthiest birthday September 14.

Vote Same Tax Rate In a third council meeting Tuesday night, city fathers approved the same city tax rate of \$1.60 per \$100 valuation with a new breakdown of 75 cents for the general fund and 85 cents for bonds and interest.

Approval was granted Chief Maynard Myers to hire Jim Fridstein, Cameron, to succeed Patrolman W. Brandenburg who resigned his position this week. He is moving to California.

In budget moves during the past week, the council also tentatively asked for provisions in the 1957-58 budget to get a new city tractor for trench work, placed \$15,000 of city funds in time deposit and placed anticipated \$27,422.24 in 1958 revenue on the water bond pay-out schedule. They asked that 46 cents of the \$1.60 tax rate be set aside for the bonds.

Final public hearing for the 1957-58 budget is set for 7:30 p.m. September 17 at City Hall.

\$172,200 Offer Beats 14 Others; Work To Begin

The City Council Thursday awarded contract for the proposed city filtration plant to a Waco contractor and Tuesday afternoon moved to employ the trickle water system in the projected city sewage disposal plant.

In the dual move this week, the Council awarded the filtration plant bid of \$172,200 to Hoffman & Borders, Waco, low bidders in a group of 15 contractors bidding on the project.

Public Works Supt. W. D. Bigbee said the contractors will probably begin the project sometime in October after official notification by Joe J. Rady, engineering consultants who designed the plant.

Working time on the project is 210 working days, officials said.

Choose Trickle System In the Tuesday afternoon meeting, councilmen agreed to begin planning on the trickle water sewer system estimated to cost about \$187,250.

Joe J. Rady Co., Fort Worth engineers, also will draw up plans and specifications.

The engineers told The Herald that the bid on the filtration plant was well under the \$200,000 estimate made earlier.

Bids on the filtration plant ranged from the low \$172,200 and 210 working days to a high of \$264,900 and 260 working days.

Completion of the filtration plant next April will be the first major step in giving Cameron its first state-approved water.

Meanwhile, planning goes on for the sewer plant which will require only five acres of the 29 acres optioned by the city a month ago east of Cameron near Little River on the Sanders property.

Engineering consultants told councilmen Tuesday that the new plant would provide adequate facilities for a future population of 10,000-1,000 with provisions for additional facilities possible if growth exceeds that population.

People who can easily pay any price say:

"Pay more...what for? Ford's the buy!"

Why? Because this 1957 Ford gives you the advanced features, the solid ride, the effortless handling that you once expected to find only in expensive cars. And when it comes to looks, where can you find fresher styling than in the sculptured-in-steel lines of this new Ford?

Ford's superiority is evident in many places. In the vital rear axle, the pinion gear that turns the rear wheels is straddle-mounted... supported between two anti-friction bearings instead of being "overhung" from a single bearing. This makes operation quieter, smoother and longer-lasting. It's a feature that Ford shares with only one other car maker in the world—Rolls Royce.

Or consider Ford's famous V-8 engine. No other manufacturer in the industry today electronically balances every V-8 engine, while operating under its own power, the way that Ford does. This means you get a smoother-running engine—the finest V-8 in Ford's 25 years of V-8 leadership.

These are only a few of the important hidden values that are yours in Ford. But they indicate why so many people who can pay almost any price for a car—people who have driven expensive cars for years—are buying Ford today. Action Test this great performing car at your Ford Dealer's just once and you, too, will ask, "Pay more... what for?"

A Tribute

To Our School Teachers

Today, as no time before in history, the school teacher is recognized as the builder of tomorrow's America! With juvenile delinquency increasing apace, and foreign ideologies creeping into our school books, it is high time that glowing tribute was paid to these patient men and women who instruct our young. Let's remember that teachers are human beings, not machines. Let's give them the support and confidence they so richly deserve. Let's attend P-T-A meetings and contribute something more than children. This community is fortunate in having such fine schools and outstanding educators. We applaud their work and their good American achievements!

WE SALUTE OUR TOWN!

Barbara Jo Young Norwin Hughs Wed

Miss Barbara Jo Young and Norwin Hughs exchanged nuptial vows during a candle light service Friday at the First Baptist Church.

Miss Young is the daughter of Mr. and Mrs. J. R. Young. The bridegroom is the son of Mr. and Mrs. N. K. Hughes, of Vernon. The church was banked with green corned as a background for two large candelabras decorated with large white Albatros mums and white tapers with white satin and nylon lace. Below and to either side of the candelabras were two floor baskets of large white Albatros mums.

The Rev. Dean Bishop, pastor of the Bethany Baptist church, officiated at the double ring ceremony.

Miss Kay Camp was organist. Soloist, Mrs. Kent Hughes, Wichita Falls, presented the selections "Because" and "I Love Thee".

Given in marriage by her father the bride wore a gown of chantilly lace over white satin with lace over cascading pleated tiers of nylon net on the sides of the skirt leading into a chapel train. The bodice and sash neckline were embroidered with sequins and seed pearls.

The bride's fingertip veil of illusion was caught to an open cap of pearls. She carried a bouquet of stephanotis centered with a purple throated white orchid.

Miss Martha Wofford of Cleburne was maid of honor. Bridesmaids were Miss Sherry Blackwell, Angleton, Miss Sandra McCrary, Vernon, Miss Nita Archer and Miss Margaret Young, sister of the bride. The attendants wore identical gowns of pink organza over net and taffeta trimmed with white imported French lace. They wore pink velvet caps and carried bouquets of white Albatros mums.

Sarah Arthur was the flower girl and Clyde Neal, Jr., cousin of the bride was ring bearer.

Mr. Kent Hughes served his brother as best man. Groomsmen were Mr. Jack Frburg, Waco, Mr. Buddy Judd, Dallas, Mr. Larry Robinson, Vernon and Mr. Paul Young, brother of the bride. Mr. J. M. Harvel, Mr. Bert Dockery, and Mr. George Schmoker, all of Vernon, served as ushers.

A reception was held on the lawn at the bride's home immediately following the ceremony.

The brides table, decorated with an arrangement of white mums, stood against a background of two large candelabras with white tapers and baskets of white mums.

Miss Kay Camp served the three tiered wedding cake which was topped with pink roses. Miss Rose Mary Jones poured the fruit punch.

Miss Kay Gean, Hearne, attended the brides book. Others in the house party were Miss Carol Ann Sanders, Miss Beverly Dodgens, Temple and Miss Barbara Gurecky.

The brides mother wore a street length dress of blue satin with pink hat and bag and a corsage of pink carnations. The grooms mother wore a mauve lace dress with pink accessories.

For a wedding trip to Galveston the bride chose a navy blue silk suit and white fur hat.

The couple will make their residence in Waco.

The bride is an honor graduate of Yoe High School where she was editor of the school paper. She is a freshman at Baylor University. Mr. Hughs is a graduate of Vernon High School. He is in his sophomore year at Baylor where he is a member of the Chapel Choir and Oratorio Choir.

Easy To Serve Ice Cream Is Real Treat With A Variety Of Sauces

By Julia Hunter

Easy to serve, easy to eat and a wholesome food, ice cream is everybody's dish. Even weight watchers are provided for with the low calorie versions now on the market.

With over 200 flavors to choose from, according to United States Department of Agriculture, scoops of ice cream heaped in a dish leave no room for improvement. For a little dressing up, sundaes are the answer. There are almost as many sundae sauces to choose from as there are ice cream flavors.

Chocolate, strawberry and butterscotch hold their own as favorite sundae sauces, but with variety the spice of life, it's a pleasant change to have some other now and then. Maple Walnut Sauce is a flavorful quickie. Boil 1 cup maple syrup over a medium gas flame for 5 minutes. Stir in 2 tablespoons chopped walnuts and continue boiling 1 to 2 minutes. Serve warm or cold. Makes 6 or 8 sundaes.

Right now is the time for Peach Sauce. Peel, stone and mash 6 very ripe peaches. Stir in 1 cup sugar, 1 teaspoon lemon juice and ¼ teaspoon almond extract. It's best to make as short a time as possible before serving. Store in gas refrigerator until serving time. Makes 6 to 8 servings.

Good any time, but a real conversation piece after a Chinese dinner, is a Candied Ginger Sundae. To make the sauce, combine ½ cup honey, ¼ cup hot water, ¼ cup chopped almonds and ¼ cup chopped candied ginger. Mix well and chill in gas refrigerator. Makes 6 to 8 sundaes.

Coffee ice cream is taking its place among best sellers and there are many who spoon a little coffee from the cup over ice cream when the two are served. Nothing

wrong with either means to coffee flavor, but Coffee Sauce provides a deluxe route. Beat the yolks of 2 eggs with 2 tablespoons sugar until the mixture is creamy. Stir in ½ cup very strong coffee. Cook over low gas flame until thickened, stirring constantly. Cool to room temperature then chill in gas refrigerator. Just before serving fold in ½ teaspoon vanilla and 1 cup whipped cream. Makes 6 to 8 sundaes.

RECIPE OF THE WEEK

Praline Sauce: Combine in a saucepan 2 cups brown sugar (firmly packed), ¼ cup water and ½ teaspoon salt. Heat over low gas flame until sugar is melted, stirring constantly. Stir in ½ cup heavy cream and ½ cup chopped pecans. Continue cooking until sauce is smooth, stirring constantly. Serve warm. Makes 6 to 8 servings.

INVITATION

Mr. and Mrs. Andy Tillman Johnson request the honour of your presence at the marriage of their daughter Billie Nell to Mr. Richard Helmut Jackson on Saturday, the fourteenth of September, Nineteen hundred and fifty-seven at eight o'clock in the evening, First Methodist Church, Cameron, Texas. Reception following the ceremony, Fellowship Hall.

Milam County's FARM SCENE

4-H Club Notes

By Bennie Whiteside,
Ass't. County Agent

The annual Milam County Sears Gilt Show was held at the Cameron Livestock Auction barns on August 31. Mr. T. D. Tanksley, Animal Husbandman of A & M College, judged the show and gave a demonstration on fat-back probing of a hog.

Eight gilts were entered in the show and the placings were as follows: Wayne McLerran of Cameron had first place gilt and received a prize of \$8.00 Carolyn Gonten of Buckholts was second and received \$6.00 prize. Pat Wallace of Buckholts was third and received \$4.00. In fourth place was Linda Winfrey of Davilla with \$3.00 prize. Fifth place and a \$3.00 prize went to Martin Jistel of Cameron. Dennis Moraw of Cameron had sixth place gilt and received \$3.00. Eugene Glaser of Buckholts was seventh and received \$3.00 prize. Montie Mueck of Cameron was in eighth place. Prize money was given by the Sears Roebuck Foundation.

Wayne McLerran will take his first place gilt to Waco on September 7th to compete in the Area Swine Show. Benard Jungmann of Buckholts will also take the county boar to Waco to compete in the Area Show.

Norma Jean Rummell and Gwendolyn Jistel, both of Cameron exhibited their Farm Bureau gilts at the show. Mr. Tanksley evaluated the gilts and gave both a blue ribbon.

Some fifty Milam county residents and a number of out of county people were on hand for the show and the fat-back probing demonstration.

August 31 was the deadline for 4-H records to be completed and mailed to the district office to be judged.

Tri-County Voters Approve 1st Stage Of New Watershed

Williamson, Burnet and Milam County voters last week approved by a 518-164 vote a flood control and water district along the San Gabriel River flowing through the three counties.

Voters also approved a \$10,000 preliminary bond issue by a 561-175 count and elected five directors to govern the San Gabriel Water Control and Improvement District No. 1.

A second bond issue for \$140,000 remains to be approved in another vote before the water district can begin construction on 50 small dirt dams along the river.

The second bond vote will be called for in 60 days, officials said.

Officials pointed out that the watershed was organized two and one-half years ago along temporary lines to assist flood victims along the river.

Directors of the district elected last week are: Henry Fox, chairman; A. C. Weir, D. P. Irvine, C. V. Hutto and Henry Labaj. Labaj defeated the only Milam County candidate, J. L. Stewart, San Gabriel, by one vote.

Officials say the flood control district when completely organized will prevent 60 to 80 percent of the floods due to extensive rains and serve as a means to improve water conservation in the area.

Lone Star Farmers Have Houston Trip

Milk Cans Disappearing

Bulk handling is swiftly replacing milk cans on dairy farms. Nationally, the number of farm tanks doubled in 1955 and again in 1956, according to A. M. Meekma extension dairy husbandman. Producers usually expand their herd with the installation of this system.

Cork acreage in the U.S. exceeds that of wheat, oats, barley rye and rice combined.

Freeman Attends Dallas Showing Of Machinery

W. C. Freeman has just returned from a meeting at the J. I. Case Company branch offices in Dallas.

Freeman learned about the new Case 12-month line and witnessed the operation of new Case tractors and other farm machinery.

Among these were the New Case 350, 3-4 plow tractor; the New Case 400 super diesel tractor; the New Case 310 tractor-loader-backhoe; the New Case 310 crawler tractor; the New Case 425 corn picker and three New Case plows.

Many of these machines will be shown in Cameron when Maysfield Mercantile Co. holds its Case 12-month line open house. It is planned that this event will be scheduled for 8 p.m. Monday, Sept. 9. All farmers in the area are invited to attend.

Bullet-Filled Holiday

A grim, familiar holiday spectre of twisted wreckage and highway bloodshed ran rampant in the United States, Texas and Central Texas over the Labor Day weekend.

Fortunately, at this writing, there were no traffic fatalities in Milam County.

The accident death toll was heading for a predicted 33 as holiday drivers raced to and from their homes during the three-day period.

More than 400 were predicted to die in Labor Day accidents on the road, in waterways and by miscellaneous causes.

The whole picture is one of misfortune and sorrow. And it points up the accelerated need for better highways, less horsepower and more horse sense.

Somehow, the three seldom ever get together on a holiday weekend. Each year, traffic fatalities mount higher and higher while drivers push their automobiles faster and faster.

It is not that the automobile is to blame. But poor road conditions and poor judgement give that extra horsepower an edge—an edge to invite total disaster.

The highway situation around Cameron is fast improving with plans for widening US 77 - SH 36 through Cameron and construction continuing on SH 36 east to Milano. The road to Temple is adequate and the Waco route will soon be complete from Cameron to Waco.

In the roadway future is a new right-of-way for US 77 south from Minerva to Rockdale and Lee County. That is the kind of roadway that claims the lives of hurrishome holiday drivers.

The only quantity that cannot be controlled by construction is the attitude of drivers. They seem to consider the automobile a projectile and the roadway a rifle barrel to propel their powerful machines.

Unfortunately their aim is often bad when the road turns or rises or stops. They have warning, but they can't put brakes on bullets.

THE LITTLE RIVER PHILOSOPHER

Washington Budget Cuts Boost, Then Alarm Sage

By J. A.

The Little River Philosopher must be behind with his taxes, his letter this week might indicate.

Dear editor:

Life is sometimes full of queer turns in the road. You think you are getting something you've been wanting, and it turns out it wasn't that at all.

For example, I was out here on my farm yesterday afternoon wandering around sizzig up the month of September and figuring what I could get out of it when my foot got tangled up with an open section of a newspaper which I hadn't noticed as I was looking off into space at the time and I found by lifting my foot I could pick it up without bending much so I got hold of it and kept going toward the shade tree I was heading for and sat down and read.

The thing that caught my eye immediately was an article out of Washington saying President Eisenhower was recommending that the Federal government give up some of its taxing powers.

Now this was just what I have been looking for. Everybody talks about high taxes, the national debt, and more and more spending, but here was a concrete proposal for putting a stop to some Federal spending. If the Federal government stops taking part of our money, it'd sure have to stop spending it. Tax relief is what everybody needs. Always have. Probably always will.

But then I read on, and here's what I found out: what the Federal government is proposing is that it stop collecting some taxes and let the states collect em.

Frankly, that's not what I had in mind.

Changing tax collectors ain't my idea of tax relief. I'm sure the state needs more money and maybe some taxes Washington is now collecting ought to be collected by the state, but that still leaves you and me in the same shape we were in before. Stopping Federal spending, so State spending can pick up, is like patching an inner tube in one place and punching a hole in it in another. It's like cutting down on money for clothes and adding the difference to your grocery bill. Your nose stays to the grindstone, either way.

You mean to say we've got to start this tax relief drive all over again and explain when we mean Federal spending we mean all spending

Yours faithfully, J. A.

Texas Schools Open Doorways To Fall Pupils

By Vern Sanford
Texas Press Association
AUSTIN — Students are trooping back to school for another year of readin', writin' and 'rithmetic.

But the knottiest school problems are not in the math books.

For parents the problem is the high-cost of practically everything. Tuition at state colleges has doubled. Even the parents of first graders are wincing as they add up the "outfitting" bills. Cost of blue jeans, plus crayons, plus lunch money, takes an ever growing bite out of most family budgets. Many mothers will go back to work this fall to help balance the income-outgo equation.

On a bigger scale Texas school agencies and administrators have the problem of the "old woman who lived in the shoe." They have so many children they don't know what to do. Their problem of trying to balance school facilities against school needs is complicated by the fact that one side of the equation — needs — keeps on growing.

Some 1,885,640 children are expected to enroll this month. That is 70,000 more than last fall. To keep the education mills grinding, Texans will spend an estimated \$26,000,000 this year. It's twice as much as was spent eight years ago. Local districts are pouring some \$40,000,000 into new buildings this year.

SHOWDOWN ON WATER
It's now or never for Texans to solve their water problems in an orderly manner.

This, in effect, is the attitude of Gov. Price Daniel as he sets the wheels in motion for a "big push" this fall.

First attack will be by a 100-person statewide water planning committee appointed by the governor. It is to meet in Austin beginning Sept. 9 to develop planning and leadership for a master plan for water conservation and flood control over the state. Committee members include civic leaders and persons interested in and acquainted with water problems from all parts of the state.

They'll also be asked to help plan future water legislation and develop support for the proposed constitutional amendment that would provide a \$100,000,000 bond issue for water projects.

Second phase of the governor's plan is the special legislative session to pass needed additional laws. Target date for the session still is October, the governor has indicated.

Preachers Are Human Too!
Preachers are people like us, we confess. Who play their parts with seriousness. We expect them to play too many parts.

And we criticize till we break their hearts.

The preacher must study and read and learn.

To produce good sermons at every turn.

The sick folks feel they are left out.

If he fails to be around and about. He goes to funerals in heat or cold And people murmur: "He looks quite old".

They do not like him to stay on the streets.

But he must speak to each one he meets.

Even his wife is criticized. If she wears her clothes well she is despised.

If her clothing is drab wherever she goes.

Each church member turns up his nose.

His children are models in every way.

They must be humble and meek in their play.

But recall in the days of Christ, our Lord,

How flames of hatred around Him soared.

Forgive us, dear Master, and teach us to pray

To face the chaotic world of today —Lelia McAnally Batte

The Cameron Herald

Little girls seem to be "natural-born" little women, right from the start.

Laura washes for her dollies just as seriously as if she were tending a "real-life" family. She likes to bake tiny cakes and cookies too, and she has her own way of enforcing discipline when her dollies are "naughty."

Sometimes I'm amazed by her, even if I am her mother. And I am awed at the way God fashioned little girls, so that from the beginning they seem to sense that one day they will be mothers themselves.

When I take Laura to Church with me, she's such a little lady, demure and yet amazingly intent for one her age. I look at her. I see one of God's miracles, and I marvel anew. Watching a child grow is a perpetual lesson in Faith.

Sometimes after Church Laura lines her dolls up on a bench. She tells me that "the dollies are in church,"—and I don't feel in the least like chuckling at her childish antics. Rather, I am grateful.

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
